As the 55th Congress opens, Sir Albert Wolff points to the Paradox of the Atomic Age

Beneath a feeling of security engendered by the balance of atomic power in the world today was a sense of fear of its use in the peace. But underlying the feeling of any sense of security was the fear that some evil or irresponsible person would unleash the devastation of atomic conflict.

The need for preparedness remained. His Excellency paid tribute to the League for extending its activities in recent years. It had become very much integrated with the organs of government. It had always been the League's aim to help ex-servicemen overcome their problems.

Its representations had helped to involve Governments more and more in the extension of repatriation and rehabilitation services, such as the educational assistance for ex-servicemen's children. Lately it had extended its international activities.

Ravages of war

It had established a fund to help victims affected by the navages of war-like operations in South-East Asia and to provide them with useful goods of all kinds (under "Operation New Life").

It had tried to install a more formal appeal to those who had joined in serving abroad. With its Jubilee Fund, established five years ago, it had set out to bring about a change of heart among young people and others with overseas connections affected by warlike operations.

That fund enabled an exchange of medical men with Indonesia and other South-East Asian countries.

The League had also launched the setting-up of a fund by public subscription for providing amenities, including entertainment, for young Australian servicemen on duty abroad.

Numbers up

It was that fund that had paid for the sending of several concert parties to South Vietnam. American as well as Australian troops had been entertained by them.

The State branch of the League had established among 13,000 members, an improvement of thousands on the previous year's figure. But the obvious need was for a membership figure more in keeping with the number of ex-servicemen's children. The membership was some 50,000 throughout the State.

Lock of concern

The present level of membership suggested a lock of concern by some ex-servicemen, who could be showing more interest in the League's activities.

As well as looking after ex-servicemen, Sir Albert said, the League was in touch with the rising generation and its activities on behalf of youth was its annual presentation of a Sword of Honour to the best Air Force cadet and a book to the best Scout leader.

Loyal message

Sir Albert said he had been moved deeply by the "loyal message" from Congress, read earlier in the proceedings by the State President, and would have pleasure in sending it to Her Majesty.

A vote of thanks to His Excellency was conveyed by the Premier, Mr Tonkin, and supported by the Leader of the Opposition, Sir David Brand.

State President's report—Pages 2-5
State President's report at Congress this year was as follows:

The 56th annual commemoration of the Gallipoli landing was faithfully observed in near perfect weather. The Dawn Service was very well attended, and once again the large number of participants present was very evident. There was a marked increase in the number of wreaths laid as compared with last year.

The march through the city was well attended, but not as well as was expected, and this applied to both spectators and those marching. This can be accounted for by the fact that Anzac Day fell on a Sunday, and this situation was aggravated by a public holiday for Government employees which made it impossible for those having only one day off work for this day. It is hoped that the next Anzac Commemoration will be able to get away from the city for the long weekend.

Marching personnel were reduced to 2,500, as against last year's 4,500.

There has been widespread concern over the gazing of a holiday and Anzac Day on a Sunday. This concern falls on a Sunday. Anzac Day Trust can be attended by the public, and motions on the agenda on this subject and it is considered that following Congress this year there will be a number of public holidays to be held in the Government.

It is a pleasure to have had this with us on this year's commemoration day for the first time in New Zealand. One left Perth the other day but the other three were very well attended by the League and will be a number of provincial towns from Geraldton in the north to Auckland.

On the Friday afternoon, 23rd April, the school broadcast service from Kings Park, supported by the Western Command Band, was a most impressive occasion as they paid homage to the fallen.

Sir William Hall, Acting National President, attended Congress as a guest from R.S.I.L national headquarters.

About 2,500 children took part and we extend our thanks to all those responsible in the Education Department and throughout the business community. A Certificate of Appreciation for his services has been prepared and will be presented post-humously at a later date to his widow.

We acknowledge the splendid work being done by Dr Doug Darlge and Assistant Wardens.

Anzac Day Trust

Once again the W.A. Turf Club and the W.A. Trotting Association conducted special meetings and the proceeds were paid to the Anzac Day Trust. This was a very significant gesture.

Credit is due to Torch-bearers for Legacy who assisted the League to carry the wreaths to the war dead during this year's events. As a result of the grant to the League from the Trust in 1970 the War Veterans Home board agreed to the purchase of $2,100 and general funds of $2,000, while the W.A. C.E. Foundation donated $7,000.

Once again our grateful thanks are extended to the committees of the W.A. Turf Club and the W.A. Trotting Association for their ready and willing support, and the State Government committee which administers the trust.

Remembrance Day

This was celebrated in the usual way with a commemoration service at the State War Memorial, and with buglers stationed at various points in the city. Although there were more poppies and wreaths sold than in 1969 there was a drop in the collection which amounted to $10,635 as compared with $11,419 in 1969.

More co-operation from the media is needed in making clear the significance of this particular day.

State War Memorial

The retiring warden, Mr. A. C. Smith, C.M.G., handed over to the new warden, Air Commodore E.R. Courtney, M.V.O. O.B.E. (Ret.) on Remembrance Day. Both gentlemen brought a dignity and sense of solemn duty to the position.

The untimely passing of Mr Alf Curlewis was a shock to all of us. He was a great friend to the League while he served on the Perth City Council and throughout his business career.

A Releasing of, and replacing, brokene bricks on the eastern side of the memorial.

Veterans' Home

Ten years have now passed since the opening of the home at Mt. Lawley by the then Premier, the Hon. David Brand, and the late Sir D. Darlge. In those ten years 250 ex-service men, ex-service women and war widows have enjoyed the comforts of a home which in the words of the late Sir D. Darlge "has no peer in any I have seen in my travels throughout the world."

Since that time we have had a series of devotional ceremonies. The most recent of which has just been completed, and on Wednesday afternoon of this week the Premier and President of the W.A. C.E. opened the newly opened three storeyed Darlge and Joan Cottages, the canteen and a new extension to the Town and Recreation Centre.

Since last Congress (July 1970) there have been 27 wreathlaying ceremonies.

To the Sub-Wardens (Highgate sub-branch) led by Mrs. William and the Kings Park board along with Mr. Air Commodore Courtney and Mr. Barty we say "Thank you very much indeed."

Since our last report further repairs have been carried out, namely: 1. Cancelling up of the front steps.

2. New time-clock fitted to overcome the effect of a general power blackout.

3. Reconditioning of the frames, including re-taping of the show cases and renewing the dark felt in the undercroft.

4. Releasing of, and replacing, broken concrete slabs on the eastern side of the memorial.

Some of the ten new Darlge and Joan cottages opened during the Congress. They are built in three groups of attractive designed units ideal for old people.

We have had a successful year

Mr. C. P. Farrall, and the chairmen of the purchase committee, Mr, Jack Mattison, and express our thanks to Mr. Ray Warne and Mr. Geoff Binge for the smooth way that these positions were taken up.

Miss Crowning Glory is now in her 19th year and has raised in excess of $146,000 over the last 12 years.

Last year's financial result was not up to expectations but this year there has been a drop in membership. By this means the League has a surplus which can be used to attract more new members.

At the last Congress the figure of $2,000 has been agreed upon as the aim for the next year's ANZAC Day Trust Fund. This year the total amount was $2,000.

The Anzac Trust allocated $7,000 to this fund as compared with $4,757 in the previous year. Poppy Day proceeds were compared with $3,852 in the previous year.

The fund is in a sound position but with the ageing of ex-service men and women it is recommended that many more applications for assistance.

Relief Fund

The Aged Sailors' Soldiers and Airmen's Relief Fund Trust is currently making grants to 102 ex-service men and women, this being an increase of eight against last year.

The Anzac Trust allotted $7,000 to this fund as compared with $4,757 in the previous year. Poppy Day proceeds were compared with $3,852 in the previous year.

The fund is in a sound position but with the ageing of ex-service men and women it is recommended that many more applications for assistance.

Amelioration

It is with the deepest regret we place on record the passing of the former chairman of this committee, Mr. Ralph Stoddart. Another who had lived on for many years as a co-opted member was Mr. Syd M. Namara, who also passed away in the course of the week.

Under the careful and kindly chairmanship of Mr. J. M. Crewe this committee does a tremendous piece of welfare work. They will not permit me to enumerate in any detail the specific instances, many of which represent very pitiful stories.

Let me say that work by the League in this area of its activities is such functions of (a) Investigations into the welfare of ex-service men and women, and (b) The provision of temporary accommodation.

Continued on page 3
Hospital at Hollywood, despite being two members short last year.  In other words seven beds had been carried out 798 visits. The demise of members MacLeod and Mr. Hansen occurred during the year. Mr. Oke has been re-elected with life- membership of the League.

In addition to their unsellish devotion to the fellow personnel, these men have been the means of bringing back into membership of the League many for varying reasons, who might otherwise have been lost.

Further, as a result of these visits, the concern of some inmates regarding family finance, pension enquiries etc., have been resolved for all.

Our thanks to the staff and officers for their support.

Women's Auxiliary

The annual report of the Women's Auxiliary of the Repatriation League of Australia was received, and it was moved, seconded and carried that the report be approved and the chairman be thanked for the year's efforts.

Representatives are calling on Hollywood, R.P.I. St. Johns Hospital (Subiaco-Belmont), the Mount and other hospitals and institutions.

It is of interest that for the first time a Class A hospital has visited the auxiliary personnel. This has increased the figure of the total numbers of patients.

'Selfish devotion'

To the Auxiliary, one and all the League is most appreciatively grateful for your unsellish devotion to the welfare of the sick, the aged, and the unemployed.

The Auxiliary raised $2,003 for hospital visiting and $2,004 for Christ's new building 500. A total of $3,003 for the State War Memorial, raised $820 for Legacy, and presented to me last Monday for the Mount Rushmore Home a cheque of $735.

To the women of the auxiliaries, once again the State a humble thanks.

Our congratulations are extended to Mrs. Bofe and Mrs. Oakes, who were presented during the year received the British Empire Medal from Her Majesty.

Membership

Membership at the close of the year was 12,062, which was 492 less than last year. For the year ended December the League has met two thousand three hundred deaths. Ex-servicemen returning from Vietnam are now 360, and our numbers are added to by members of allied forces who are coming into the country as immigrants. Our losses are not as great as the death rate. However, it is a little reassuring to know that only approximately one in four of those eligible are found able enough to muster the other 

Ex-servicemen who are over 60,000 eligible men and women in Western Australia who have seen operational service.

Our thanks to the staff who have assisted in this work and have been chairing this committee, under the enthusiastic chairmanship of Mr. Phenomenous, and who have been so tireless in their efforts. It is greatly a satisfaction to point out that during the year the League has again attempted to contribute to the benefit of all of our ex-service men and women, and in the spirit of those famous words of the late John F. Kennedy, when he said: "It is not what my country can do for me but what I can do for my country."

Repatration

During the year ended 30 June, 1971 War Pension Appeal Tribunals (348) and Appeals (194) were held and new cases were decided. Some 60,000 goods were collected by Sub-Branches throughout the State and forwarded to the Department of Repatriation and Consolidation for the Central Civil Aid unit in Melbourne. We extend gratitude to the Director of Education for his support to the schoolchildren throughout the State who assisted in this work.

Group Conferences

Group Conferences were held during the year at Warrandyte Hills and Nollamara. Each conference was well conducted and credit is due to the host sub-branches for their arrangements and hospitality. A further conference planned for Geraldton had to be deferred.

Bows Competition

Interest in the S.L. Bows Section continues to grow. Entries for the annual Maurice Crews Perpetual Trophy increased from 64 teams last year to 73 in 1971. The contest lasted from 21-23 March. A special mention to the Bushbury sub-branch for their keenness and support. Very great interest is apparent in Albany, and Country Vice-President Frank Gomm has donated a trophy for competition among teams in the Great Southern region.

There was a good showing for involved Sub-branch sub-branch branch George MacNeil, who unveiled the plaque on the new lawn, and liberalized prices for the new model houses at the Veterans' Home last month.

As he performed the unveiling he held a piece of paper in his hand. It was a cheque for $3,000 which he forthwith tendered to the Home board chairman, Mr. Alan King, as his sub-branch's contribution to the new facility.

The plaque was presented as having been approved as a sub-branch as before mentioned.

Dr. King (at left above) expressed the board's gratitude for the donation.
A.R.M.S. Games

The 1970 Archibald Riley Memorial Shield Games were held at Anzac House on 7th September last. Seven teams participated, with Hawthorn taking the honours with Gloucester Park following up. The Sports Directors of all teams are to be congratulated.

There are not enough sub-branches involved in this series. More action please—you will be sure of a good time.

Last year's competition for the Yellow Cab Cup (for best ride in the A.R.M.S. Games) saw M.I. Hawthorn at the top (922) followed by West Leederville (589), Gloucester Park (566), City of Perth (558), Riverdale (532) and City Beach-Nedlands (371).

The two top teams look like fighting it out again this year.

Building Society

This has progressed considerably since its inception in 1962, and now comprises eight terminating societies all designed to cater for the needs of ex-service personnel who cannot be assisted by the War Service Homes scheme.

The bulk of the assistance goes to the British ex-servicemen.

Anzac House

Despite a fall in the rental of the ballroom and an increase in rates and taxes Anzac House managed to make a slight profit of $360 as against a profit of $1,354 in the previous year.

Anzac House Future

Further representations have been made to the new Government and Provisional members who will continue to look into the financial position of Anzac House.

State Executive

During the year there were seven Life Membership awards, 41 Certificates of Service, 25 Certificates of Appreciation and two Certificates for 50 years of continuous financial membership of the League.

The reception were tendered to the members of the State Women's Auxiliary, to Rear Admiral D. F. Welch, R.N., A.U.A., Minister for Defence, to H.O. Officer Commanding Forces, to the Local Mayor of Bunbury and to H.H. Captain the Earl Mountbatten of Burma, M.P. Mrs. G. J. Napiers and his son, the Hon. Mr. G. J. Napiers.

Anzac House

Further representations have been made to the new Government and Provisional members who will continue to look into the financial position of Anzac House.

State President

As State President I have visited:
1. 26 sub-branches, some of which have been visited more than once. 2. Two Group Conferences, giving me direct contact with 39 additional sub-branches.

Anzac House

Despite a fall in the rental of the ballroom and an increase in rates and taxes Anzac House managed to make a slight profit of $360 as against a profit of $1,354 in the previous year.

5.4.1969.
The Armed Forces of the Commonwealth and now need the assurance that their former comrades in arms can give. Printed reports have been sent to sub-branches. Scholarships and grants made from this fund since its establishment total $180,000.

This evening we have with us four final-year University students who in the Christmas vacation will spend six to eight weeks working in an Indonesian hospital. We are sure that these young people will prove worthy ambassadors for Australia, and in working among the people of Indonesia convey to them that we have put out in friendship to their nearest neighbour.

At the same time it is hoped that they themselves will become more aware of the problems and the aspirations of the people to whom they minister at the Solo Rehabilitation Centre. In this way the League hopes to make a valuable, even though small, contribution towards international understanding and peace in the region.

Overseas Fund

The Australian Forces Overseas Fund was originally generated from within the R.L.A. and is now functioning as a citizens' committee representative of the whole community is making a generous contribution toward the welfare of Australian personnel serving in our armed Forces overseas.

Total donations since the inception of the fund have come to $821,700.66, and interest on investments to $3,071.50.

In addition to providing shares of the administration of the Australian fund we also sent a concert party to New Zealand over the Anzac Day period of this year. We are to provide another concert party over the same period in 1972. The first chairman of the W.A. committee has been Lieutenant-General Sir Reginald Garrett who has recently had to relinquish his office as he is likely to be returning to Victoria. He was farewelled by the committee and on July and the League extends thanks for his very great assistance.

Publicity and P.R.

We have seen the first two films of which we spoke last year, and one in particular tells of the work of the Jubilee Commemorative Fund. This film is in colour and is currently being distributed throughout Australia by 20th Century Fox Films. It is hoped that through these media the people of Australia will see an aspect of the League's work which rarely comes under notice in the normal course of events.

We have copies of 16 m.m. projector use, and the sub-branch use and indeed will be made available by other interested organisations.

One Constitution

This was under review when we met last year and the Report of the League headquarters at national level was returned to us. It is now functioning as a citizens' committee representative of the whole community is making a generous contribution toward the welfare of Australian personnel serving in our armed Forces overseas.

There is no change in; ~ ---------------------------- -- -------- ----------

The developments at Leammonth and Cockburn would be careful not to go over- board with alarm at what is happening as Britain draws closer to Europe. It would seem that in the interests of security and understanding between the countries of Europe must get closer together, and this would appear to be as much a part of Europe as Australia is to Asia and the South-West Pacific region.

In view of this it is hoped that the new Constitution of the League will be set up in the way that at the time when it can be useful it will be used for servicing by both Britain and America; although perhaps neither is prepared to press too hard at this stage, whereas Australia seeks financial assistance.

Closings Thoughts

We have had our first meeting at which we have discussed the problems of the world, and in particular the problems of the world in which we live and work in a very United Nations association.

There is no doubt that in the way of the League is a problem for the Australian people, and we believe the League is making a serious contribution to the world's problems, and in particular the problems of the world in which we live and work in a very United Nations association.

The development of the League is a problem for the Australian people, and we believe the League is making a serious contribution to the world's problems, and in particular the problems of the world in which we live and work in a very United Nations association.
Better deal sought for pensioners

Moves for increased pensions and for taxation exemptions for pensioners found strong support at Congress last month.

Congress agreed to a Mr. J. W. Robson, who was present for answering questions, that he had had an assurance that such pensions would be

Other pensions

- That the War Pension should be raised in accordance with basic wage rises (Kulin).
- That the Disablement Pension should be exempt from income tax (Armadale).
- That War Pension payments in respect of widows and children of Intermediate and TPIILA, and its general contribution to the welfare of the people, to be a very good case for a better balance in the distribution of the forces.

The Deputy Commissioner for Repatriation, Mr. J. E. Bulkeley, said that the measure, Mr. J. B. Buckle, was a big enough for modern overseas jet air forces.

Mr. Pearson said that the Commonwealth Government was well aware of the problem, and had adopted a policy of

Congress adopted a City of Perth motion calling for "prompt and full information" from Federal Government authorities on Japanese defence thinking and action.

Mr. Pearson said that for some months there had been various Press statements on these matters, and it was to be assumed that they were genuine.

Some of the statements had been very out of order, and he thought the League was entitled to ask, through a Member, about the authenticity of such reports.

The League will follow these matters with some care.
Plans for home for frail-aged

Back to Jurien Bay invitation issued

For the period since November 11 the Wardens reported 17 wreath-laying ceremonies.

The League has been placed in an advantageous position for a home for a frail-aged. The State President (Mrs. H. R. Johnson, R.N.) has invited the President to visit the city to examine the feasibility of establishing a R.S.I.L. C-class hospital.

Among the League's guests at Anzac House for the opening of Congress this year were the four young people shown above.

They are five-year-old medical students at the Wilderness Hospital. They are preparing to move to the direction. There was no Government assistance in the building of C-class hospital. They are also being encouraged by the immediate action of the Department of Health.

The R.S.I.L. provided the hospital with an immediate action of a home for the next five years.

Meet at the ANZAC Club the home of friendship

Australian defence officials considered the idea of bringing troops to take place at Jurien Bay seems to be gaining ground to suit everyone.

The Army will display modern weapons and equipment, which should be of great interest to ex-servicemen.

The Juvenile Desert Rats are being encouraged by the National Union of Students, to suit everyone. Accommodation in the Island is arranged.

Students from that country are also being brought to Australia under reciprocal arrangement. They have come to meet the requirements of the United Nations Fund. They have been promised a house for the coming season in the coming summer month.

The motion was carried. The way, provided Government assistance was forthcoming, then there was not a chance that the project could be financed.

The Services Canteens Fund trustees are inviting applications for Education Awards for 1972.

The awards are granted on a year-to-year basis, depending on family circumstances.

The awards are for secondary or tertiary education and are intended for full-time (paid) duty personnel in the Armed Forces during the period from 1 May 1971 to 30 June 1974.

Age of entry:

If either parent is over 50 years of age, the young person must be under 20 years of age.

Any child or children of either parent may be eligible for grants of up to £150.00 each for 1972 and 1973. Special consideration will be given to children of ex-combatants who will attain the age of 14 or over next year.

For children other than orphans the group covers those who have lost their parents or who will attain the age of 15 (or over) next year.

Special consideration will be given to children of ages 14 years next year and over whose family circumstances apply:

1. Invalid, Age, and T.B.
2. Deserted, divorced, or separated annual grants.
3. Children who must live away from home to obtain secondary education.

Caring for aged at Geraldton

The sub-branch at Geraldton has expressed its interest in the provision of accommodation for elderly ex-service personnel. An invitation has been extended to the Branch for an initial meeting.
